

EARTH GUEST

OUR HOTEL IS COMMITTED TO PRESERVING THE ENVIRONMENT

Our priorities for contributing to the preservation of our natural heritage:

ENERGY

- Set objectives for limiting consumption
- Monitor and analyze consumption every month
- List potential technical improvements
- Organize preventive maintenance
- Ensure optimal use of plant and machinery
- Install an efficient façade lighting
- Use low energy lamps for permanent lighting
- Use low energy lamps in bedrooms
- Use energy-efficient refrigerators in bedrooms
- Insulate pipes carrying hot/chilled fluids
- Use energy-efficient boilers
- Use energy-efficient air-conditioning systems

OZONE LAYER

- Eliminate appliances containing CFCs
- Check that appliances containing CFCs, HCFCs or HFCs are leak-proof

WASTE

- Recycle paper/cardboard packaging
- Recycle papers, newspapers and magazines
- Recycle metal cans
- Organize sorting of waste in bedrooms
- Dispose safely of hotel batteries
- Recycle electrical and electronic equipment
- Recycle ink cartridges
- Dispose safely of fluorescent bulbs/tubes

WATER

- Set objectives for limiting consumption
- Monitor and analyze consumption every month
- Install water flow regulators on basin faucets/taps
- Install water flow regulators on the showers
- Install water-efficient toilets
- Propose to guests to reuse sheets
- Eliminate mains water-cooled refrigeration systems

BIODIVERSITY

- Plant at least one tree every year
- Participate in a local action for the environment

WASTEWATER

- Collect and recycle used cooking oil
- Separate and collect grease from food stuffs
- Treat waste water or have it treated

INFORMING AND RAISING AWARENESS

- Raise the hotel's staff awareness of the environment
- Integrate the preservation of the environment in all jobs
- Make our guests aware of environmental issues
- Offer our guests less polluting means of transportation

GREEN PURCHASES

- Favor Ecolabel products
